- Figma
- Postman API
- Canva
- Marketing

OTHER DETAILS

Internships:

1. EPPS Infotech Pvt. Ltd, Pune

Java Developer Intern

May 2024 – July 2024

As a Java Developer Intern at EPPS Infotech Pvt. Ltd., I am gaining hands-on experience in software development and data management within a dynamic team environment. My role involves contributing to the creation of advanced software solutions for various devices integrated into their fleet management system.

Responsibilities:

- Writing and testing Java code to ensure functionality and performance of dashcam device software.
- Utilizing MySQL Workbench to effectively manage and analyze GPS data transmitted by the devices.
- Performing system administration tasks using MobaXterm to manage remote servers and execute various Linux terminal operations.

2. K.J. Somaiya College of Engineering

Frontend Developer Intern

December 2023 – May 2024

I interned under the guidance of a professor, actively contributing to the development of an Academic Records Management System for Somaiya Vidyavihar University. This role allowed me to significantly impact the design and front-end implementation of the system, enhancing record-keeping processes.

Responsibilities:

- I designed the user interface using Figma, creating intuitive and user-friendly layouts that streamlined the user experience.
- Used React.js to implement the UI, ensuring responsive and efficient functionality.
- Worked with the development team to integrate the front-end with the back-end systems, ensuring a seamless final product.

Projects:

1. COLORCRAFT AI | *NextJs, Tailwind CSS, TypeScript*

(Team Project)

March 2024

- Contributed in making a modern and responsive user interface utilizing Next.js and Tailwind CSS for our diffusion-based model to colourise black and white images guided by a text prompt.

2. Pet Repawsitary - Pet Adoption Portal | *SpringBoot, Postman API, ReactJs, Tailwind CSS, MySQL Workbench, Bootstrap* *March 2024*
 - Created a full-stack web application using Java SpringBoot and React.js.
 - Utilized concepts of microservices and DevOps.
3. PassVault - Password Generator and Manager | *HTML, CSS, JavaScript, Figma (Team Project)* *March 2023*
 - Significantly contributed to the project by enhancing the website's user interface and overall aesthetics by using HTML, CSS, and JavaScript.
 - Explored and utilized Figma for an organized and efficient design experience.

Publications & Others: None

Extra Courses / Certifications:

1. Honours Programme in Data Science and Analytics offered by K.J. Somaiya College of Engineering.

Positions & Responsibility Undertaken in KJSCE:

1. **Enactus Somaiya Social Cell, KJSIM, Mumbai**
Senior Executive Member
 - Enactus is a global non-profit organization that empowers students to create social change through entrepreneurial action.
 - After a year of active involvement as a junior member, I advanced to the role of Marketing Head where I was responsible for leading a team to achieve targeted outreach and engagement goals, as well as developing and executing comprehensive marketing strategies to enhance the organization's online presence.
 - I was promoted to the role of Senior Executive Member after completing my term as the Marketing Head. In this position, I guide and mentor junior members, providing support and assistance to ensure their success and development within the organization.
2. **Event Head for KJSCE Skream (2022)**
 - Worked along with the Skream Organizing Committee in the efficient management of Inter-College Carrom and Football sport events.

Interests / Extracurricular Activities:

- I'm enthusiastic about exploring diverse cuisines and experiencing different culinary traditions.
- I enjoy learning new languages and consuming media in different languages, particularly Korean and Japanese.
- I also enjoy swimming and playing badminton.

Awards & Recognitions: None**Key Achievements:**

- Promoted from Marketing Head to Senior Executive Committee Member of Enactus SSC, to manage the overall processes within Enactus and also fostering the development of junior team members to make them familiar with the organization and its functioning.
